NOTICE OF ANNUAL GENERAL MEETING (CONT'D)

NOTES:

- A. *This Agenda item is meant for discussion only as the provision of Section 169(1) of the Companies Act, 1965 and the Company's Articles of Association do not require a formal approval of the shareholders and hence, is not put forward for voting.*

Proxy:

1. *For the purpose of determining a member who shall be entitled to attend and vote at the AGM, the Company shall be requesting the Record of Depositors as at 22 June 2012. Only a depositor whose name appears on the Record of Depositors as at 22 June 2012 shall be entitled to attend, speak and vote at the said meeting as well as for appointment of proxy(ies) to attend and vote on his/her stead.*
2. *A Member of the Company entitled to attend and vote is entitled to appoint up to two (2) proxies to attend and vote in his place. A proxy may but need not be a Member and the provision of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company. If a Member appoints two (2) proxies, the appointments shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.*

The instrument appointing the proxy shall be in writing, executed by or on behalf of the appointor. In the case of a corporate member, the instrument appointing a proxy must be either under its common seal or under the hand of its officer or attorney duly authorised.

The instrument appointing a proxy must be deposited at the Registered Office, 57-G Persiaran Bayan Indah, Bayan Bay, Sungai Nibong, 11900 Penang, Malaysia not less than 48 hours before the time for holding the Meeting or any adjournments thereof.

Explanatory Note On Special Business:

1. Resolution pursuant to the Authority to issue Shares

The proposed Resolution No. 6 [Item 5(a)], if passed, will grant a renewed general mandate (Mandate 2012) and empower the Directors of the Company to issue and allot shares up to an amount not exceeding in total ten per centum (10%) of the issued share capital of the Company from time to time and for such purposes as the Directors consider would be in the interest of the Company. In order to avoid any delay and costs involved in convening a general meeting, it is thus appropriate to seek shareholders' approval. This authority will, unless revoked or varied by the Company in general meeting, expire at the next Annual General Meeting of the Company.

The Mandate 2012 will provide flexibility to the Company for allotment of shares for any possible fund raising activities, including but not limited to further placing of shares, for the purpose of funding future investment(s), acquisition(s) and/or working capital.

As at the date of this Notice, the Company did not issue any shares pursuant to the mandate granted to the Directors at the Ninth Annual General Meeting. The Company did not issue any share pursuant to the mandate granted because there was no investment, acquisition or working capital that required fund raising activity.

2. Resolution pursuant to the Alteration to the Articles of Association

The proposed Resolution 7 [Item 5(b)] are made to comply with the provisions of the Bursa Malaysia Securities Berhad Main Market Listing Requirements. Further information on the Proposed Alteration to the Articles of Association of the Company is set out in the Appendix A attached to the Annual Report 2011.

Director standing for election

Pursuant to Para 8.29(2) of the Bursa Malaysia Securities Berhad Main Market Listing Requirements, the details of Mr. Ang Siak Keng, a director standing for election are set out on page 11 of this Annual Report.

CHAIRMAN'S STATEMENT

On Behalf of the Board of Directors, I am pleased to present to you the Annual Report and Audited Financial Statements of Dufu Technology Corp. Berhad for the financial year ended 31 December 2011.

Operation Review

The financial year ended 2011 was a challenging year for the HDD industry as a whole, as it continued to face uncertainties due to the volatility in the world economy coupled with the weakening of the US Dollar. In the last quarter of 2011, the Japan earth quake and tsunami and the Thailand flood had significantly affected the landscape of the HDD supply chain which resulted in our Group's performance to decrease by about 35% in terms of revenue.

In view of the economic uncertainty that continues to affect mainly Europe, the management are constantly reviewing the entire Group operations and continue to shift the low margin products to lower labour cost countries. Therefore, our China operation still managed to generate reasonable returns to the Group. Besides that, the Group have taken steps such as improving the manufacturing processes which include further automation to improve operational efficiencies and have been constantly seeking opportunities to expand into new businesses such as in the automotive and medical sectors.

Financial Overview

For the financial year under review, the Group recorded a turnover of RM119.30 million, a decrease of 7% compared to RM128.50 million as in 2010. The decrease in revenue was mainly due to the decrease in the demand from the HDD sector in the last quarter of the year under review. This was mainly due to the Thailand flood that caused the supply chain of the HDD market unable to meet the demand which in turn resulted the Group sales to decrease by 35% in the last quarter as compared to the previous financial year. In addition, the weakening of the US dollar and uncertainties in the world economy especially in Europe and United States had also affected the Group resulting in the Group record a loss after taxation for the first time of RM4.81 million as compared to profit after taxation ("PAT") of RM6.82 million in the previous year.

Despite the loss during the year, the Group's balance sheet position as at 31 December 2011 remained healthy with net assets of RM86.75 million or 25 sen per share and net operating cash inflow of RM14.1 million.

Future Prospects of the Group

The current situation of the HDD industry still remains cautious and the HDD players are looking into normalising their production output after the impact of the Thailand flood in October 2011. Therefore, outlook of the HDD industry in 2012 has shown a gradual improvement in the first quarter of 2012 and is expected to become better in the second half of 2012.

The group remains cautiously optimistic on the outlook of the HDD market as the supply chain to the HDD customers is recovering sooner than expected. We will continue with our efforts to ensure that effective mitigating measures are taken to minimise the impact of the uncertainties of the world economy, the weakening of the US Dollars and also the volatility of the material costs.

The Group have also managed to broaden its customer base during the year in its effort to diversify to other industries mainly to cater for the needs of the sensor and control sector and medical devices. In view of this, the Group is currently investing in plant and machinery that can effectively handle high precision high mixed low volume products with less labour dependency. The effect of the growth from the new customer base will only be significantly apparent from the middle of 2013.

Acknowledgement

On behalf of the Board of Directors, I would like to express our sincere appreciation to the management and the staff of the Group for their continued efforts, commitment and contribution in instituting the strict strategic and operational measures needed to stand resilient during these challenging times. I would also like to take this opportunity to thank all our valued shareholders, customers, suppliers, business associates, investors, the regulatory authorities and bankers for their continuous support and confidence in the Group.

Last but not least, I wish to thank my fellow Directors for their valuable guidance, advice and support rendered over the years.

HSU, CHIN-SHUI
Executive Chairman

STATEMENT ON CORPORATE GOVERNANCE

Board's Commitments

The Board of Directors of Dufu is committed to comply with the Malaysian Code of Corporate Governance ("the Code") and hence ensuring high standards of corporate governance is in place and is practiced throughout the Dufu Group.

The Board has assessed the level of corporate governance practiced in the Group and confirms that unless otherwise stated in this statement, the Group has complied with all the principles and recommended best practices throughout the financial year ended 31 December 2011 except that the Board has not appointed a Senior Independent, Non-Executive Director to whom shareholders may address their grievances and concerns. However, the Board will collectively be responsible to address all grievances and concerns brought up by the shareholders.

A) Board of Directors

The Board recognized its stewardship responsibility to lead the Group towards the highest level of corporate governance, strategic decisions and standard of conducts.

i) Board Balance

The present Board of Directors, headed by the Chairman is comprises of:

- 3 Non-Independent Executive Directors
- 2 Independent Non-Executive Directors
- 1 Non-Independent Non-Executive Director

The composition of the Board is in compliance with the Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements ("Main LR") and the Code. It also balance to reflect the interests of the major shareholders, management and minority shareholders. Collectively, the Directors bring a wide range of business and financial experience relevant to the direction of the Group.

There is a clear division of responsibilities between the Chairman and the Chief Executive Officer ("CEO") to ensure that there is a balance of power and authority. The Chairman is responsible for running the Board and ensuring that all Directors receive sufficient and relevant information on financial and non-financial matters to enable them to participate actively in Board decisions whilst the CEO has overall responsibilities over the operating units, organization effectiveness and implementation of Board's policies and decisions.

The Board is well balanced with the presence of Independent Non-Executive Directors who are of caliber and collectively provide independent assessments and judgments in the decision making process of the Board.

ii) Board Meetings

The Board governs the operations of the Group. The Board will meet regularly, at least once in a quarter, with additional meetings held as necessary to formulate and adopt strategic business plan for the Group, to evaluate the impact of risks affecting the operations of the Group and to formulate appropriate risk managing system.

Agenda and documents relevant to the Board meetings are circulated in advance to the Directors for their review before the meetings to ensure the effectiveness of the Board meetings. Any additional information requested by the Directors will be provided in timely manners.

The attendance record for each Director at Directors' meeting for the financial year ended 31 December 2011 is as follows:

iii) Supply of information

The Chairman ensures that all Directors have full and timely access to information with an agenda on matters requiring Board's consideration issued with appropriate notice and in advance of each meeting to enable Directors to obtain further explanations during the meeting, where necessary.

The proceedings of all board meetings are duly compiled in minutes. The minutes are kept at the registered office of Dufu.

The Directors meet to review and approve all corporate announcements, including the announcement of the quarterly interim financial reports, before releasing them to the Bursa Securities.

All Directors have direct access to the advice and services of the Company Secretaries. The Company Secretaries, whose appointment and removal is the responsibility of the Board collectively, are qualified professionals with the necessary experience to advise the Board.

When necessary, the Directors could request for the service of independent professional advisors at the cost of the Company.

In leading and controlling the operations of the Group, the Board is assisted by the Board of Directors of each individual subsidiary that is primarily responsible to carry out decisions made by the Board. The Executive Directors of the Company also participate in management meeting of certain subsidiaries to ensure that decisions made by the Board are disseminated and delegated effectively to the management of the subsidiaries.

iv) Directors' Training

All the Directors have attended and successfully completed the Mandatory Accreditation Programme (MAP) conducted by Bursatra Sdn. Bhd. to enhance their skills in the area of corporate governance.

Save for Mr. Ang Siak Keng whom was appointed on 3 October 2011 and attended the MAP on 23 & 24 November 2011, the trainings attended by the Directors of the Company during the FY 2011 are as follows:-

STATEMENT ON INTERNAL CONTROL

Introduction

This Statement on Internal Control has been prepared in accordance with the "Statement on Internal Control – Guidance for Directors of Public Listed Companies."

Board Responsibilities

The Board recognizes the importance of a sound system of internal control to cover the financial, compliance and operational controls and effective risk management practices in the Group.

The Board affirms its overall responsibility and reviews the adequacy and integrity of the system of internal control to safeguard shareholders' investment and the Group's assets. However, due to the inherent limitations of any system of internal control, this system is designed to manage, rather than eliminate the risk of failure to achieve the Group's objectives. Accordingly, the system can only provide reasonable but not absolute assurance against material misstatement or loss.

Risk Management Framework

The Board and the Management continuously identify, evaluate and manage significant business risks that affect day-to-day operations of the Group.

The Audit Committee reviews internal control issues identified by the external auditors and management and evaluates the adequacy and effectiveness of the Group's risk management and internal control system.

During the financial year, the Executive Directors and the Management participated in a risk management exercise. During the exercise, principal risks affecting the Group were identified, quantified and prioritised. The relevant controls and strategies for managing the risks were identified and documented. The participants also suggested areas where the Group could further improve on in order to manage the principal risks more effectively. The risk management report was presented to the Audit Committee in one of the audit committee meetings.

Internal Control

The Board is satisfied that the system of internal control is adequate for Company.

During the financial year, the Board has appointed an independent firm of professionals for the internal audit function. The total cost incurred for the Internal Audit Function for the financial year ended 31 December 2011 was RM28,668. The internal auditors are to ensure that adequate system of internal controls exist to assist the management to address operational, financial and compliance risks.

The Group has put in place the following key elements of internal control:

- An organisation structure with clearly defined lines of responsibility, authority and accountability;
- Clearly documented internal policies, manuals, procedures and work instructions;
- Holding regular Board and management meetings where information related to financial and operational performances is shared and discussed;
- Management accounts and reports are prepared and distributed to Executive Directors and key management personnel every month; and
- Employees attending regular training and development programs to enhance their knowledge and competency.

The Directors and management will continue to review and update the internal control system in line with changes in the operating environment of the Group.

Conclusion

The Board is of the view that there were no significant weaknesses in the systems of internal control of the Group that had a material impact on the operations of the Group for the financial year ended 31 December 2011. The Board remains committed to a sound system of internal controls and to progressively enhance the system to support the Group's operations.

This statement was made in accordance with a resolution of the Board dated 29 May 2012.

DIRECTORS' REPORT

The directors hereby submit their report and the audited financial statements of the Group and the Company for the financial year ended 31 December 2011.

Principal Activities

The principal activities of the Company are those of investment holding and provision of management services to its subsidiaries. The principal activities of the subsidiaries are disclosed in Note 6 to the financial statements. There have been no significant changes in the nature of the principal activities of the Group and the Company during the financial year.

Results

	Group RM	Company RM
Loss for the financial year	<u>(4,810,308)</u>	<u>(303,635)</u>

Dividends

No dividends were proposed, declared or paid by the Company since the end of the previous financial year.

Reserves And Provisions

There were no material transfers to or from reserves or provisions during the financial year apart from those disclosed in the financial statements.

Issue Of Shares Or Debentures

There was no issue of shares or debentures by the Company during the financial year.

Options Granted Over Unissued Shares

No share options were granted by the Company during the financial year.

Bad And Doubtful Debts

Before the financial statements of the Group and the Company were made out, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and satisfied themselves that there were no known bad debts and that adequate allowance had been made for doubtful debts.

At the date of this report, the directors are not aware of any circumstances which would require the writing off of bad debts or render the amount of the allowance made for doubtful debts inadequate to any substantial extent.

Current Assets

Before the financial statements of the Group and the Company were made out, the directors took reasonable steps to ascertain whether any current assets, other than debts, were unlikely to realise in the ordinary course of business their values as shown in the accounting records of the Group and the Company and to the extent so ascertained were written down to an amount that they might be expected to realise.

DIRECTORS' REPORT (CONT'D)

Current Assets (cont'd)

At the date of this report, the directors are not aware of any circumstances that would render the values attributed to the current assets in the financial statements of the Group and the Company misleading.

Valuation Methods

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and the Company misleading or inappropriate.

Contingent And Other Liabilities

At the date of this report, there does not exist:-

- (i) any charge on the assets of the Group or the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (ii) any contingent liability in respect of the Group or the Company that has arisen since the end of the financial year.

No contingent liability or other liability has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group or the Company to meet their obligations as and when they fall due.

Change Of Circumstances

At the date of this report, the directors are not aware of any circumstances, not otherwise dealt with in this report or in the financial statements of the Group and the Company that would render any amount stated in the respective financial statements misleading.

Items Of An Unusual Nature

The results of the operations of the Group and the Company for the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature which, in the opinion of the directors, will affect substantially the results of the operations of the Group and the Company for the financial year in which this report is made.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF

DUFU TECHNOLOGY CORP. BERHAD (INCORPORATED IN MALAYSIA) COMPANY NO: 581612-A

Report on the Financial Statements

We have audited the financial statements of Dufu Technology Corp. Berhad, which comprise the statements of financial position as at 31 December 2011 of the Group and the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 34 to 74.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and the Company as at 31 December 2011 and of their financial performance and cash flows for the financial year then ended.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report the following:-

- (i) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.
- (ii) We have considered the financial statements and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 6 to the financial statements.
- (iii) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF DUFU TECHNOLOGY CORP. BERHAD (INCORPORATED IN MALAYSIA) COMPANY NO: 581612-A (CONT'D)

Report on Other Legal and Regulatory Requirements (cont'd)

- (iv) The audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

The supplementary information set out on page 75 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1 *Determination of Realised and Unrealised Profits or Losses in the Context of Disclosures Pursuant to Bursa Malaysia Securities Berhad Listing Requirements*, as issued by the Malaysian Institute of Accountants ("the MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

1. General Information

The Company is a public company limited by shares, incorporated and domiciled in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad.

The principal activities of the Company are those of investment holding and provision of management services to its subsidiaries. The principal activities of the subsidiaries are disclosed in Note 6.

The registered office of the Company is located at 57-G, Persiaran Bayan Indah, Bayan Bay, Sungai Nibong, 11900 Penang and its principal place of business is located at 19, Hilir Sungai Keluang 2, Taman Perindustrian Bayan Lepas, Fasa IV, 11900 Penang.

The consolidated financial statements set out on pages 34 to 37 together with the notes thereto cover the Company and its subsidiaries ("the Group"). The separate financial statements of the Company set out on pages 38 to 41 together with the notes thereto cover the Company solely.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors dated 24 April 2012.

2. Significant Accounting Policies

2.1 Basis of Preparation of Financial Statements

The financial statements of the Group and the Company are prepared under the historical cost convention, modified to include other bases of measurement as disclosed in other sections of the significant accounting policies, and in accordance with Financial Reporting Standards ("FRSs") and the Companies Act 1965 in Malaysia.

The financial statements are presented in Ringgit Malaysia ("RM").

The following amended/revised/new FRSs became effective for the financial year under review:-

FRS	Effective for annual periods beginning on or after
Amendment to FRS 1 <i>Limited Exemption from Comparative FRS 7 Disclosures for First-time Adopters</i>	1 January 2011
Amendments to FRS 1 <i>Additional Exemptions for First-time Adopters</i>	1 January 2011
Amendments to FRS 2 <i>Share-based Payment</i>	1 July 2010
Amendments to FRS 2 <i>Group Cash-settled Share-based Payment Transactions</i>	1 January 2011
Amendments to FRS 5 <i>Non-current Assets Held for Sale and Discontinued Operations</i>	1 July 2010
Amendments to FRS 7 <i>Improving Disclosures about Financial Instruments</i>	1 January 2011
Amendments to FRS 132 <i>Financial Instruments: Presentation</i>	1 March 2010
Amendments to FRS 138 <i>Intangible Assets</i>	1 July 2010
Amendments to IC Interpretation 9 <i>Reassessment of Embedded Derivatives</i>	1 July 2010
Amendments to FRSs contained in the document entitled " <i>Improvements to FRSs (2010)</i> "	1 January 2011
FRS 1 <i>First-time Adoption of Financial Reporting Standards</i> (revised in 2010)	1 July 2010
FRS 3 <i>Business Combinations</i> (revised in 2010)	1 July 2010

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.1 Basis of Preparation of Financial Statements (cont'd)

FRS	Effective for annual periods beginning on or after
FRS 127 <i>Consolidated and Separate Financial Statements</i> (revised in 2010)	1 July 2010
IC Interpretation 4 <i>Determining whether an Arrangement contains a Lease</i>	1 January 2011
IC Interpretation 12 <i>Service Concession Arrangements</i>	1 July 2010
IC Interpretation 16 <i>Hedges of a Net Investment in a Foreign Operation</i>	1 July 2010
IC Interpretation 17 <i>Distributions of Non-cash Assets to Owners</i>	1 July 2010
IC Interpretation 18 <i>Transfers of Assets from Customers</i>	1 January 2011

The adoption of the above amended/revised/new FRSs did not result in any significant changes in the accounting policies of the Group and the Company except as follows:-

FRS 3 *Business Combinations* (revised in 2010) and FRS 127 *Consolidated and Separate Financial Statements* (revised in 2010)

FRS 3 (revised in 2010) and FRS 127 (revised in 2010), which supersede FRS 3 *Business Combinations* (issued in 2005) and FRS 127 *Consolidated and Separate Financial Statements* (revised in 2005) respectively, introduce significant changes to the accounting principles for business combinations and consolidated financial statements, both at the acquisition date and post acquisition. Some of the key principles established are disclosed in Note 2.3.

In accordance with the transitional provisions of FRS 3 (revised in 2010), the Group and the Company have applied the standard prospectively to business combinations for which the acquisition date is on or after the effective date. In accordance with the transitional provisions of FRS 127 (revised in 2010), the significant amendments thereto have also been applied prospectively. Accordingly, business combinations entered into prior to 1 January 2011 have not been restated to comply with the standards.

2.2 Future Accounting Standards

In November 2011, the Malaysian Accounting Standards Board ("MASB") issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS") framework. The issuance was made in conjunction with the MASB's plan to converge with International Financial Reporting Standards ("IFRS") in 2012. The MFRS framework is a fully IFRS-compliant framework and equivalent to IFRSs. It comprises standards as issued by the International Accounting Standards Board ("IASB") that are effective on 1 January 2012 and also amended/revised/new standards recently issued by the IASB that will be effective after 1 January 2012.

The Group and the Company will first adopt the MFRS framework for the financial year ending 31 December 2012. Management foresees that the transition to the MFRS framework will not have any significant impacts on the financial statements except as follows:-

MFRS 1 *First-time Adoption of Malaysian Financial Reporting Standards*

MFRS 1 allows first-time adopters to elect certain exemptions from other MFRSs. The Group is currently considering to use the last revaluation of certain land and buildings made in 1997 as deemed cost under the MFRS framework.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.2 Future Accounting Standards (cont'd)

MFRS 9 Financial Instruments

MFRS 9 (effective for annual periods beginning on or after 1 January 2015) replaces the guidance in MFRS 139 *Financial Instruments: Recognition and Measurement* on the classification and measurement of financial assets by dividing them into 3 classifications: (1) those measured at amortised cost; (2) those measured at fair value through profit or loss; and (3) those measured at fair value through other comprehensive income. Management foresees that the adoption of these new classifications will not result in any significant changes to the existing measurement bases of financial assets of the Group and the Company.

MFRS 10 Consolidated Financial Statements

MFRS 10 (effective for annual periods beginning on or after 1 January 2013) replaces the consolidation guidance in MFRS 127 *Consolidated and Separate Financial Statements* and IC Interpretation 112 *Consolidation - Special Purpose Entities* by introducing a single consolidation model for all entities based on control. Under MFRS 10, control is based on whether an investor has (1) power over the investee; (2) exposure, or rights, to variable returns from its involvement with the investee; and (3) the ability to use its power over the investee to affect the amount of the returns. Management foresees that the adoption of these new control criteria will not result in any significant changes to the existing composition of the Group.

2.3 Basis of Consolidation

A subsidiary is an entity that is controlled by the Group. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries made up to the end of the reporting period using the acquisition method. Under the acquisition method, the consideration transferred, the identifiable assets acquired and the liabilities assumed are measured at their acquisition-date fair values. The components of non-controlling interests that are present ownership interests are measured at the present ownership instruments' proportionate share in the recognised amounts of the identifiable net assets acquired. All other components of non-controlling interests are measured at their acquisition-date fair values. In a business combination achieved in stages, the previously held equity interest in the acquiree is remeasured at its acquisition-date fair value and any resulting gain or loss is recognised in profit or loss. All acquisition-related costs, other than the costs to issue debt or equity securities, are recognised in profit or loss as incurred.

Goodwill at the acquisition date is measured as the excess of (a) over (b) below:-

- (a) the aggregate of:-
 - (i) the acquisition-date fair value of the consideration transferred;
 - (ii) the amount of any non-controlling interests; and
 - (iii) in a business combination achieved in stages, the acquisition-date fair value of the previously held equity interest in the acquiree.

- (b) the net of the acquisition-date fair values of the identifiable assets acquired and the liabilities assumed.

Goodwill is recognised as an asset at the aforementioned amount less accumulated impairment losses, if any. The impairment policy is disclosed in Note 2.7. When the above (b) exceeds (a), the excess represents a bargain purchase gain and, after reassessment, is recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.3 Basis of Consolidation (cont'd)

A subsidiary is consolidated from the acquisition date, being the date on which control is obtained, and continues to be consolidated until the date when control is lost. Intragroup balances, transactions, income and expenses are eliminated in full on consolidation. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Upon loss of control of a subsidiary, the assets (including any goodwill) and liabilities of, and any non-controlling interests in the subsidiary are derecognised. All amounts recognised in other comprehensive income in relation to the subsidiary are accounted for on the same basis as would be required if the related assets or liabilities had been directly disposed of. Any consideration received and any investment retained in the former subsidiary are recognised at their fair values. The resulting difference is then recognised as a gain or loss in profit or loss.

2.4 Property, Plant and Equipment

Property, plant and equipment are stated at cost or at valuation less accumulated depreciation and accumulated impairment losses, if any. The impairment policy is disclosed in Note 2.7.

The last revaluation of certain land and buildings was made in 1997 and has not been updated. The Group has followed the transitional provisions of IAS 16 (Revised) *Property, Plant and Equipment* issued by the Malaysian Accounting Standards Board to retain the carrying amounts of the assets on the basis of their previous revaluation subject to continuity in their depreciation and impairment policies.

A revaluation increase is recognised in other comprehensive income and accumulated in equity as revaluation surplus or recognised in profit or loss to the extent that the increase reverses a revaluation decrease of the same asset previously recognised in profit or loss. A revaluation decrease is recognised in profit or loss or recognised in other comprehensive income to the extent of any credit balance existing in the revaluation surplus in respect of the same asset.

Leasehold land is depreciated on a straight-line basis over the lease terms of 39 to 57 years. Other property, plant and equipment are depreciated on a straight-line basis over the estimated useful lives of the assets using the following annual rates:-

Buildings	5% - 6.67%
Plant and machinery	10%
Furniture, fittings and office equipment	8% - 33.33%
Renovation and electrical installation	10% - 20%
Motor vehicles	10% - 20%

The residual value, useful life and depreciation method of an asset are reviewed at least at the end of each reporting period and any changes in expectations from previous estimates are accounted for prospectively as changes in accounting estimates.

2.5 Investments in Subsidiaries

As required by the Companies Act 1965, the Company prepares separate financial statements in addition to the consolidated financial statements. In the separate financial statements of the Company, investments in subsidiaries are stated at cost less impairment losses, if any. The impairment policy is disclosed in Note 2.7.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.6 Investments in Club Memberships

Investments in club memberships are stated at cost less impairment losses, if any. The impairment policy is disclosed in Note 2.7.

2.7 Impairment of Non-financial Assets

At the end of each reporting period, the Group and the Company assess whether there is any indication that a non-financial asset, other than inventories and deferred tax assets, may be impaired. If any such indication exists, the recoverable amount of the asset, being the higher of its fair value less costs to sell and its value in use, is estimated. Irrespective of whether there is any indication of impairment, goodwill is tested for impairment annually. Any excess of the carrying amount of the asset over its recoverable amount represents an impairment loss and is recognised in profit or loss or, in respect of a revalued asset, treated as a revaluation decrease.

An impairment loss on an asset, other than goodwill, is reversed if there has been a change in the estimates used to determine the recoverable amount and it is reversed only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, had no impairment loss been recognised. The reversal is recognised in profit or loss or, in respect of a revalued asset, treated as a revaluation increase. An impairment loss on goodwill is not reversed.

2.8 Inventories

Inventories of materials and goods are valued at the lower of cost (determined on the weighted average and first-in, first-out bases) and net realisable value. Cost consists of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and costs necessary to make the sale.

2.9 Financial Assets

Financial assets of the Group and the Company consist of quoted investments, receivables, derivatives and cash and cash equivalents.

Recognition and Measurement

A financial asset is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the financial instrument. A regular way purchase or sale of financial assets is recognised or derecognised using settlement date accounting. A financial asset is initially recognised at fair value plus, in the case of a financial asset not at fair value through profit or loss, directly attributable transaction costs. The subsequent measurement of a financial asset depends on its classification as follows:-

(i) Financial assets at fair value through profit or loss

All derivatives, except for those designated as hedges, are classified as held for trading under this category. After initial recognition, such financial assets are measured at fair value. Any gain or loss arising from a change in the fair value is recognised in profit or loss.

(ii) Held-to-maturity investments

The Group and the Company do not have any financial assets classified under this category.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.9 Financial Assets (cont'd)

Recognition and Measurement (cont'd)

(iii) Loans and receivables

All receivables and cash and cash equivalents are classified under this category. After initial recognition, such financial assets are measured at amortised cost using the effective interest method. Any gain or loss is recognised in profit or loss when the financial asset is derecognised or impaired as well as through the amortisation process.

(iv) Available-for-sale financial assets

All quoted investments are classified under this category. After initial recognition, such financial assets are measured at fair value. Any gain or loss arising from a change in the fair value, except for impairment loss, is recognised in other comprehensive income and accumulated in equity as fair value reserve until the financial asset is derecognised, at which time the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

A financial asset is derecognised when, and only when, the contractual rights to the cash flows from the financial asset have expired or all the risks and rewards of ownership have been substantially transferred.

Impairment

At the end of each reporting period, the Group and the Company assess whether there is any objective evidence that a financial asset or group of financial assets is impaired. If any such evidence exists, the impairment loss is measured as follows:-

(i) Financial assets carried at amortised cost

An impairment loss on loans and receivables is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted using the asset's original effective interest rate. The asset's carrying amount is reduced through the use of an allowance account and the impairment loss is recognised in profit or loss. The gross carrying amount and the associated allowance are written off when there is no realistic prospect of future recovery.

If, in a subsequent period, the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the increased carrying amount does not exceed what the amortised cost would have been had no impairment loss been recognised at the reversal date. The reversal is recognised in profit or loss.

(ii) Available-for-sale financial assets

When there is a significant or prolonged decline in the fair value of an investment in equity instrument classified as available-for-sale, the cumulative loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment even though the financial asset has not been derecognised. Such cumulative loss reclassified from equity to profit or loss represents an impairment loss and is measured as the difference between the acquisition cost and current fair value, less any impairment loss previously recognised in profit or loss. The impairment loss is not reversed through profit or loss in any subsequent period.

2.9 Financial Assets (cont'd)

Determination of Fair Values

The carrying amounts of receivables and cash and cash equivalents which are short-term in nature or repayable on demand are assumed to be reasonable approximations of fair values.

Fair value measurements recognised in the statement of financial position are categorised into the following levels of fair value hierarchy:-

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 - Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair values of quoted investments are determined by reference to their quoted closing bid prices at the end of the reporting period (i.e. Level 1).

The fair values of forward exchange contracts are quoted by the financial institutions (i.e. Level 1). If such quotation is not available, the fair value is estimated by discounting the difference between the contractual forward price and the current forward price for the residual maturity of the contract using a risk-free interest rate (i.e. Level 2).

2.10 Financial Liabilities

Financial liabilities of the Group and the Company consist of payables, loans and borrowings and derivatives (including financial guarantee contracts).

Recognition and Measurement

A financial liability is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the financial instrument. A financial liability is initially recognised at fair value less, in the case of a financial liability not at fair value through profit or loss, directly attributable transaction costs. After initial recognition, all financial liabilities, except for financial liabilities at fair value through profit or loss and financial guarantee contracts, are measured at amortised cost using the effective interest method. Any gain or loss is recognised in profit or loss when the financial liability is derecognised as well as through the amortisation process.

(i) Financial liabilities at fair value through profit or loss

All derivatives, except for financial guarantee contracts or those designated as hedges, are classified as held for trading under this category. After initial recognition, such financial liabilities are measured at fair value. Any gain or loss arising from a change in the fair value is recognised in profit or loss.

(ii) Financial guarantee contracts

After initial recognition at fair value, if any, financial guarantee contracts are measured at the higher of the amount initially recognised less appropriate amortisation and the estimate of any probable obligation.

A financial liability is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.10 Financial Liabilities (cont'd)

Determination of Fair Values

The carrying amounts of payables and loans and borrowings which are short-term in nature or repayable on demand are assumed to be reasonable approximations of fair values.

The fair values of long-term loans and borrowings are estimated by discounting the expected future cash flows using the current market interest rates for similar liabilities.

Fair value measurements recognised in the statement of financial position are categorised into the following levels of fair value hierarchy:-

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 - Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair values of forward exchange contracts are quoted by the financial institutions (i.e. Level 1). If such quotation is not available, the fair value is estimated by discounting the difference between the contractual forward price and the current forward price for the residual maturity of the contract using a risk-free interest rate (i.e. Level 2).

The fair values of financial guarantee contracts are estimated based on probability-adjusted discounted cash flow analysis after considering the probability of default by the debtors (i.e. Level 3).

2.11 Leases

Finance Lease

A finance lease is a lease that transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee.

A finance lease, including hire purchase, is initially recognised as an asset and liability at the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The minimum lease payments are subsequently apportioned between the finance charge and the reduction of the outstanding liability so as to produce a constant periodic rate of interest on the remaining balance of the liability. The depreciation policy for depreciable leased assets is consistent with that for equivalent owned assets.

Operating Lease

An operating lease is a lease other than a finance lease.

Lease payments under an operating lease are recognised in profit or loss on a straight-line basis over the lease term.

2.12 Foreign Currency Transactions and Translation

The consolidated financial statements and separate financial statements of the Company are presented in Ringgit Malaysia, which is also the Company's functional currency, being the currency of the primary economic environment in which the entity operates. Items included in the financial statements of each individual entity within the Group are measured using the individual entity's own functional currency.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.12 Foreign Currency Transactions and Translation (cont'd)

A foreign currency transaction is recorded in the functional currency using the exchange rate at transaction date. At the end of the reporting period, foreign currency monetary items are translated into the functional currency using the closing rate. Foreign currency non-monetary items measured at cost are translated using the exchange rate at transaction date whereas those measured at fair value are translated using the exchange rate at valuation date. Exchange differences arising from the settlement or translation of monetary items are recognised in profit or loss. Any exchange component of the gain or loss on a non-monetary item is recognised on the same basis as that of the gain or loss, i.e. in profit or loss or in other comprehensive income.

In translating the financial position and results of a foreign operation whose functional currency is not the required presentation currency, i.e. Ringgit Malaysia, assets and liabilities are translated into the presentation currency using the closing rate whereas income and expenses are translated using the exchange rates at transaction dates. All resulting exchange differences are recognised in other comprehensive income and accumulated in equity as currency translation reserve until the foreign operation is disposed of, at which time the cumulative exchange differences previously recognised in other comprehensive income are reclassified from equity to profit or loss as a reclassification adjustment.

Any goodwill and fair value adjustments arising from the acquisition of a foreign operation occurring after 1 January 2006 are treated as assets and liabilities of the foreign operation to be expressed in its functional currency and translated into the presentation currency using the closing rate. As allowed by the transitional provisions of FRS 121 *The Effects of Changes in Foreign Exchange Rates*, goodwill and fair value adjustments arising from the acquisition which occurred before 1 January 2006 have not been restated and continue to be treated as assets and liabilities of the acquirer. Accordingly, these goodwill and fair value adjustments are reported using the exchange rate at acquisition date.

2.13 Share Capital

Ordinary shares are classified as equity. Transaction costs that relate to the issue of new shares are accounted for as a deduction from equity.

Dividends on shares declared and unpaid at the end of the reporting period are recognised as a liability whereas dividends proposed or declared after the reporting period are disclosed in the notes to the financial statements.

2.14 Income Recognition

Income from the sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer.

Income from the rendering of services is recognised when the services are performed.

Dividend income is recognised when the shareholder's right to receive payment is established.

Interest income is recognised using the effective interest method.

Rental income is recognised on an accrual basis.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

2. Significant Accounting Policies (cont'd)

2.15 Employee Benefits

Short-term Employee Benefits

Short-term employee benefits such as wages, salaries, bonuses and social security contributions are recognised in profit or loss in the period in which the associated services are rendered by the employee.

Defined Contribution Plans

As required by law, employers in Malaysia make contributions to the statutory pension scheme, Employees Provident Fund ("EPF"). The Group's foreign subsidiaries make contributions to their respective countries' statutory pension schemes. Contributions to defined contribution plans are recognised in profit or loss in the period in which the associated services are rendered by the employee.

2.16 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset, which is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale, are capitalised as part of the cost of the asset, until such time as the asset is substantially ready for its intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.17 Income Taxes

Income taxes for the year comprise current tax and deferred tax.

Current tax represents the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided for under the liability method in respect of all temporary differences between the carrying amount of an asset or liability and its tax base except for those temporary differences associated with goodwill or the initial recognition of an asset or liability in a transaction which is not a business combination and affects neither accounting nor taxable results at the time of the transaction.

A deferred tax liability is recognised for all taxable temporary differences whereas a deferred tax asset is recognised for all deductible temporary differences, unused tax losses and unused tax credits (including unused reinvestment allowances) to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits (including unused reinvestment allowances) can be utilised. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.18 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, term deposits (excluding those pledged as security), bank overdrafts and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

3. Judgements And Estimation Uncertainty

Judgements Made in Applying Accounting Policies

In the process of applying the accounting policies of the Group and the Company, management makes the following judgements, apart from those involving estimations, that can significantly affect the amounts recognised in the financial statements:-

(i) Classification of leasehold land

The classification of leasehold land as a finance lease or an operating lease requires the use of judgement in determining the extent to which risks and rewards incidental to ownership lie. Despite the fact that there will be no transfer of ownership by the end of the lease term and that the lease term does not constitute the major part of the indefinite economic life of the land, management considered that the present value of the minimum lease payments approximated to the fair value of the land at the inception of the lease. Accordingly, management judged that the Group has acquired substantially all the risks and rewards incidental to ownership of the land through a finance lease.

(ii) Impairment of available-for-sale financial assets

When there is a significant or prolonged decline in the fair value of an investment classified as available-for-sale, the cumulative decline represents an impairment loss. The determination of what constitutes "significant or prolonged" requires judgement. In making this judgement, management continuously evaluates the historical price movements and the duration and extent of the decline in fair value below cost. For the financial year ended 31 December 2011, the Group has not recognised any impairment loss on available-for-sale financial assets.

Sources of Estimation Uncertainty

The key assumptions about the future, and other major sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:-

(i) Depreciation of property, plant and equipment

Property, plant and equipment are depreciated on a straight-line basis over the estimated useful lives of the assets. Management estimates the useful lives to be within 3 to 20 years. Changes in the expected level of usage and technological development will impact on the economic useful lives and residual values of the assets and therefore, future depreciation charges may be revised. The carrying amounts of property, plant and equipment are disclosed in Note 4.

(ii) Impairment of non-financial assets

When the recoverable amount of a non-financial asset is determined based on its value in use, estimates on future cash flows and appropriate discount rate are required to determine the present value of those cash flows. The non-financial assets subject to impairment assessment and their carrying amounts as at 31 December 2011 are as follows:-

	Group RM
Property, plant and equipment	95,364,439
Investments in club memberships	61,000

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

3. Judgements And Estimation Uncertainty (cont'd)

Sources of Estimation Uncertainty (cont'd)

(iii) Allowance for inventories

Reviews are made periodically by management on inventories for excess inventories, obsolescence and decline in net realisable value below cost. These reviews require the use of judgements and estimates. Possible changes in these estimates may result in revisions to the valuation of inventories. The carrying amounts of inventories are disclosed in Note 9.

(iv) Impairment of loans and receivables

The Group and the Company make allowance for impairment based on an assessment of the recoverability of loans and receivables. Allowance is applied to loans and receivables when there is objective evidence that the balances may not be recoverable. Management specifically analyses historical bad debts, customer concentration, customer creditworthiness, current economic trends and changes in customer payment terms when making a judgement to evaluate the adequacy of the allowance for impairment. Where expectations are different from previous estimates, the difference will impact on the carrying amounts of loans and receivables as disclosed in Note 10.

(v) Income taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimates. The Group and the Company recognise tax assets/liabilities based on their understanding of the prevailing tax laws and estimates of whether such assets/liabilities will be realised/settled in the ordinary course of business. Where the final tax outcome of these matters is different from the amounts initially recognised, the difference will impact on the tax recognition in the period in which the outcome is determined. The carrying amounts of tax assets/liabilities as at 31 December 2011 are as follows:-

	Group RM	Company RM
Current tax assets	1,579,410	46,000
Current tax liabilities	27,000	0
Deferred tax assets	109,750	0
Deferred tax liabilities	206,599	0

10. Trade And Other Receivables (cont'd)

Trade Receivables (cont'd)

All the above impairment losses were individually determined after considering the adverse financial conditions of the debtors who have defaulted/delayed in payments.

The ageing analysis of trade receivables not impaired is as follows:-

	Group	
	2011	2010
	RM	RM
Not past due	8,987,484	13,376,114
Past due 1 to 30 days	5,239,500	10,478,717

Past due more than 120 days	366,668	693,878
	21,352,189	34,529,562

Trade receivables that are neither past due nor impaired mainly relate to creditworthy customers who have regular transactions and good payment records with the Group.

Management determines credit risk concentrations in terms of counterparties and geographical areas. As at 31 December 2011, there were 3 (2010 : 2) major customers that accounted for 10% or more of the Group's trade receivables and the total outstanding balances due from these major customers amounted to RM12,604,904 (2010 : RM21,297,775). The credit risk concentration profile by geographical areas of trade receivables is as follows:-

Singapore Dollar	45,697	72,491
	<u>58,713,208</u>	<u>46,263,097</u>

Except for hire purchase payables and term loans, loans and borrowings are generally short-term in nature or repayable on demand and their carrying amounts will approximate to the remaining contractual undiscounted cash flows.

Hire Purchase Payables

Hire purchase payables are repayable over 2 to 8 years. The repayment analysis is as follows:-

	2011 RM	2010 RM
Minimum hire purchase payments:-		
- Within 1 year	5,568,146	6,827,557
- Later than 1 year and not later than 2 years	3,251,743	4,988,204

20. (Loss)/Earnings Per Share

Group

The basic (loss)/earnings per share is calculated by dividing the Group's (loss)/profit for the financial year by the weighted average number of ordinary shares in issue during the financial year as follows:-

	2011	2010
(Loss)/Profit for the financial year (RM)	<u>(4,810,308)</u>	<u>6,824,741</u>
Weighted average number of shares in issue	<u>120,000,000</u>	<u>120,000,000</u>
Basic (loss)/earnings per share (sen)	<u>(4.01)</u>	<u>5.69</u>

The diluted (loss)/earnings per share equals the basic (loss)/earnings per share as the Company did not have any dilutive potential ordinary shares during the financial year.

26. Contingent Liabilities - Unsecured

Company

The Company has entered into financial guarantee contracts to provide financial guarantees to financial institutions for credit facilities granted to certain subsidiaries up to a total limit of approximately RM118,490,000 (2010 : RM101,065,000). The total utilisation of these credit facilities as at 31 December 2011 amounted to approximately RM62,684,000 (2010 : RM48,692,000).

The aforementioned financial guarantee contracts should have been recognised in the statement of financial position in accordance with the recognition and measurement policies as stated in Note 2.10. After considering that the probability of the subsidiaries defaulting on the credit lines is remote, the financial guarantee contracts have not been recognised as the fair values on initial recognition are not expected to be material.

27. Financial Risk Management

The activities of the Group expose it to certain financial risks, including credit risk, liquidity risk, currency risk and interest rate risk. The overall financial risk management objective of the Group is to ensure that adequate financial resources are available for business development whilst minimising the potential adverse impacts of financial risks on its financial position, performance and cash flows.

The aforementioned financial risk management objective and its related policies and processes explained below have remained unchanged from the previous financial year.

Credit Risk

The Group's exposure to credit risk arises mainly from receivables, derivative financial assets and deposits placed with financial institutions. The maximum credit risk exposure of these financial assets is best represented by their respective carrying amounts in the statement of financial position. The Company is also exposed to credit risk in respect of its financial guarantees provided for credit facilities granted to certain subsidiaries. The maximum credit risk exposure of these financial guarantees is the total utilisation of the credit facilities granted as disclosed in Note 26.

As the Group only deals with reputable financial institutions, the credit risk associated with derivative financial assets and deposits placed with them is minimal. The Group manages its credit risk exposure of receivables by assessing counterparties' financial standings on an ongoing basis, setting and monitoring counterparties' limits and credit terms.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

27. Financial Risk Management (cont'd)

Liquidity Risk

The Group's exposure to liquidity risk relates to its ability to meet obligations associated with financial liabilities as and when they fall due. The remaining contractual maturities of financial liabilities are disclosed in their respective notes.

The Group practises prudent liquidity risk management to minimise the mismatch of financial assets and liabilities whilst maintaining sufficient cash and the availability of funding through standby credit facilities.

Currency Risk

The Group's exposure to currency risk arises mainly from transactions entered into by individual entities within the Group in currencies other than their functional currencies. The major functional currencies within the Group are Ringgit Malaysia ("RM"), Hong Kong Dollar ("HKD"), Renminbi ("RMB") and US Dollar ("USD") whereas the major foreign currencies transacted are US Dollar ("USD") and Singapore Dollar ("SGD").

The Group observes the movements in exchange rates and acts accordingly to minimise its exposure to currency risk. Where necessary, the Group enters into derivative contracts to hedge the exposure. Such exposure is also partly mitigated in the following ways:-

- (i) The Group's foreign currency sales and purchases provide a natural hedge against fluctuations in foreign currencies.
- (ii) The Group maintains part of its cash and cash equivalents in foreign currency accounts to meet future obligations in foreign currencies.

Based on a symmetric basis which uses the foreign currency as a stable denominator, the following table demonstrates the sensitivity of profit or loss to changes in exchange rates that were reasonably possible at the end of the reporting period, with all other variables held constant:-

	Group	
	(Increase)/ Decrease in Loss 2011 RM	Increase/ (Decrease) in Profit 2010 RM
Appreciation of USD against RM by 10%	(1,200,306)	1,006,224

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2011

27. Financial Risk Management (cont'd)**Interest Rate Risk**

The Group's exposure to interest rate risk arises mainly from interest-bearing financial instruments, namely loans and borrowings.

The Group observes the movements in interest rates and always strives to obtain the most favourable rates available for new financing or during repricing. It is also the Group's policy to maintain a mix of fixed and floating rate financial instruments.

As the Group does not account for its fixed rate financial instruments at fair value through profit or loss or as available-for-sale, any change in interest rates at the end of the reporting period would not affect its profit or loss or other comprehensive income. For floating rate financial instruments stated at amortised cost, the following table demonstrates the sensitivity of profit or loss to changes in interest rates that were reasonably possible at the end of the reporting period, with all other variables held constant:-

	Group	
	(Increase)/ Decrease in Loss 2011 RM	Increase/ (Decrease) in Profit 2010 RM
Increase in interest rates by 100 basis points	(281,419)	(183,416)
Decrease in interest rates by 100 basis points	<u>281,419</u>	<u>183,416</u>

28. Capital Management

The overall capital management objective of the Group is to safeguard its ability to continue as a going concern so as to provide fair returns to owners and benefits to other stakeholders. In order to meet this objective, the Group always strives to maintain an optimal capital structure to reduce the cost of capital and sustain its business development.

The Group considers its total equity and total loans and borrowings to be the key components of its capital structure and may, from time to time, adjust the dividend payouts, purchase own shares, issue new shares, sell assets, raise or redeem debts, where necessary, to maintain an optimal capital structure. The Group monitors capital using a debt-to-equity ratio, which is calculated as total loans and borrowings divided by total equity. The Group's strategy is to maintain the ratio at below 1 : 1 as follows:-

	Group		Company	
	2011 RM	2010 RM	2011 RM	2010 RM
Total loans and borrowings	58,713,208	46,263,097	0	0

Debt-to-equity ratio	<u>0.68 : 1</u>	<u>0.52 : 1</u>	<u>0 : 1</u>	<u>0 : 1</u>

The aforementioned capital management objective, policies and processes have remained unchanged from the previous financial year.
